

Welcome to the Millersburg Glass Association, Inc.

We are a nonprofit organization dedicated to the promotion of Millersburg Glass to include both crystal and carnival glass patterns. The Association is based in Holmes County, Ohio where the Millersburg Glass Factory, founded by John Fenton, is located. All Millersburg Glass was created during the years 1909 through 1912.

Members will receive the quarterly MGA Newsletter with articles of interest and information about events that are of special interest to Millersburg Glass enthusiasts and collectors.

Annual Membership is \$20.00 for the calendar year. Payment of the fee in October of a given year entitles the member to active membership for a bonus of three months from October thru December of that year plus the following full calendar year. Memberships, renewed or new, can be paid at the Fall Gathering of the Association for the upcoming year.
